Who is Tom van Sante?

Agenda

- ❑ Changing world
- ❑ What is Architecture?
- ❑ TOGAF
- ❑ TOGAF and ITIL
- ❑ Wrap up

Changing World

Technology push:
internet
shrinking world
communication

Globalisation:
culture
free trade

Organisational change:
competition
mergers, acquisitions
economy of scale
commodities
outsourcing
off-shoring

World economy:
capitalism
integrating economies
monopoly power
equality/inequality
stock markets
accountability

Business Demands:
agile
adaptive
predictable
transparent
justified
controlled

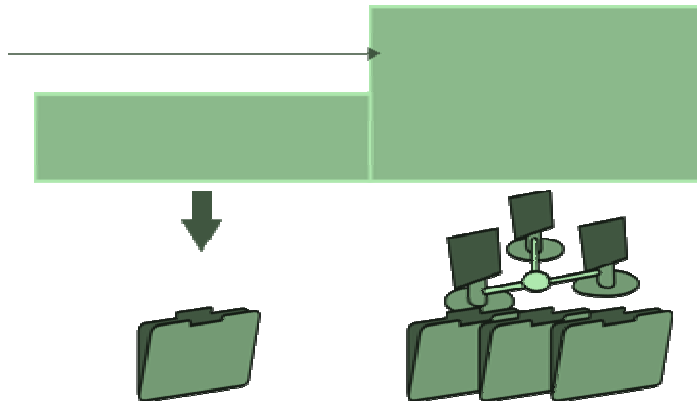

Development of ICT

What is Architecture?

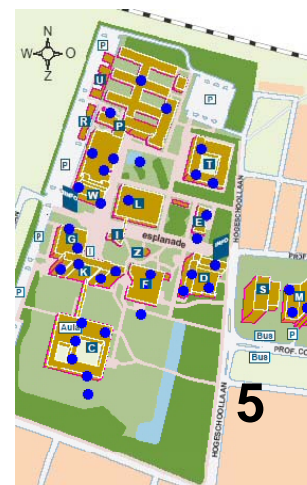

- ❑ There is a growing interest in Architecture
- ❑ But there are different ideas
- ❑ What does it look like from the mind of a building architect

Is this Architecture?

yes

No

Or this?

The Building Permit form on the web is for reference only. 0395
You must complete a 3-part form to apply.

Town of Greenfield
Application for Permit to Build,
Alter or Enlarge Buildings

A Plot Plan showing location of proposed structure must accompany Building Permit. Please indicate streets, surface water, and other buildings. A copy of building plans, to include: foundation footprint and construction, framing, electrical, plumbing and elevations must accompany all applications.

Date _____ Permit # _____

Owner _____

Address _____ Phone # _____

Type of use: Dwelling _____ Commercial _____ Industrial _____ Other _____

New Construction _____ Addition _____ Alteration _____ Is any property in current use? _____

Location of building _____ Tax map # _____ Lot # _____

Size of lot _____ setback from street _____ right side lot line _____ left side lot line _____

Rear lot lines _____ Kind of building: Wood _____ Brick _____ Steel _____ Other _____

Size of building _____ Height of building _____

Outer wall covering _____ Type of foundation _____

Style of roof _____ Roof covering _____

Description of proposed work _____

Square footage of building including basement and garage _____ Est. Cost _____

New dwellings and expanded use of buildings require state approved septic plans before permit is issued. Is any of this property currently in current use for tax purposes? Yes _____ No _____

The undersigned agrees that the proposed work shall be done in accordance with the foregoing statement and with the plans and specifications submitted and that the work connected therewith shall conform to the building code and regulations of the Town of Greenfield, and that _____ will notify the Building Inspector when foundation, framing, electrical, plumbing, and finish are ready for inspection.

Permit requested by _____ For Owner _____

Permit good for one year from date of issue may be renewed for a renewal fee.

Official use
Residential Building _____ Electrical _____ Plumbing _____ Septic _____ Demolition _____

Permit request

HOOPDSTUK 21 BETONWERK

Milieuklasse: 2.
Consistentiegebied: 2.
Cement: hoogovencement (NEN 3550), klasse A.
Grootste korrelafmeting (mm): 31,5.
Minimaal cementgehalte: overeenkomstig NEN 5950, tabel 3.
Te verstrekken gegevens:
- sterktegegevens van de mortel (NEN 3202).
- van de cement een bewijs van oorsprong.

.01 FUNDERINGSBALKEN
Alle funderingsbalken.

21.50.10-b **IN HET WERK GESTORT BETON, BETONMORTEL**
0. IN HET WERK GESTORT BETON
Niet-bekiste oppervlakken opruwen.
Vlakheidstolerantie niet bekiste oppervlakken: IID; afwerken onder de rij.
1. BETONMORTEL (NEN 5950+C92)
Sterkteklasse: B 25.
Milieuklasse: 1.
Consistentiegebied: 2.
Cement: hoogovencement (NEN 3550), klasse A.
Grootste korrelafmeting (mm): 31,5.
Minimaal cementgehalte: overeenkomstig NEN 5950, tabel 3.
Te verstrekken gegevens:
- sterktegegevens van de mortel (NEN 3202).
- van de cement een bewijs van oorsprong.

.01 VLOEREN
De verdiepingvloeren.

21.50.10-c **IN HET WERK GESTORT BETON, BETONMORTEL**
0. IN HET WERK GESTORT BETON
Niet-bekiste oppervlakken opruwen.
Vlakheidstolerantie niet bekiste oppervlakken: IID.
1. BETONMORTEL (NEN 5950+C92)
Sterkteklasse: volgens KOMO certificaat.
Milieuklasse: volgens KOMO certificaat.
Consistentiegebied: 3.
Cement: hoogovencement (NEN 3550), klasse A.
Grootste korrelafmeting (mm): 16.
Minimaal cementgehalte: overeenkomstig NEN 5950, tabel 3.
Te verstrekken gegevens:
- sterktegegevens van de mortel (NEN 3202).
- van de cement een bewijs van oorsprong.

.01 VOEGVULLINGEN
De vulling tussen de combinatievloeren.

21.71 **NABEHANDELING**

21.71.10-a **NABEHANDELING NIET BEKISTE BETONOPPERVLAK**
0. NABEHANDELING NIET BEKISTE BETONOPPERVLAK
Nabehandeling volgens Cur-aanbeveling 31.
Methode van nabehandeling: ter keuze aannemer.

Specifications

Ansi/IEEE 1471

Architecture is the fundamental organisation of a system, embodied in:

- its components,
- their relationship to each other and the environment,
- and the principles governing its design and evolution.

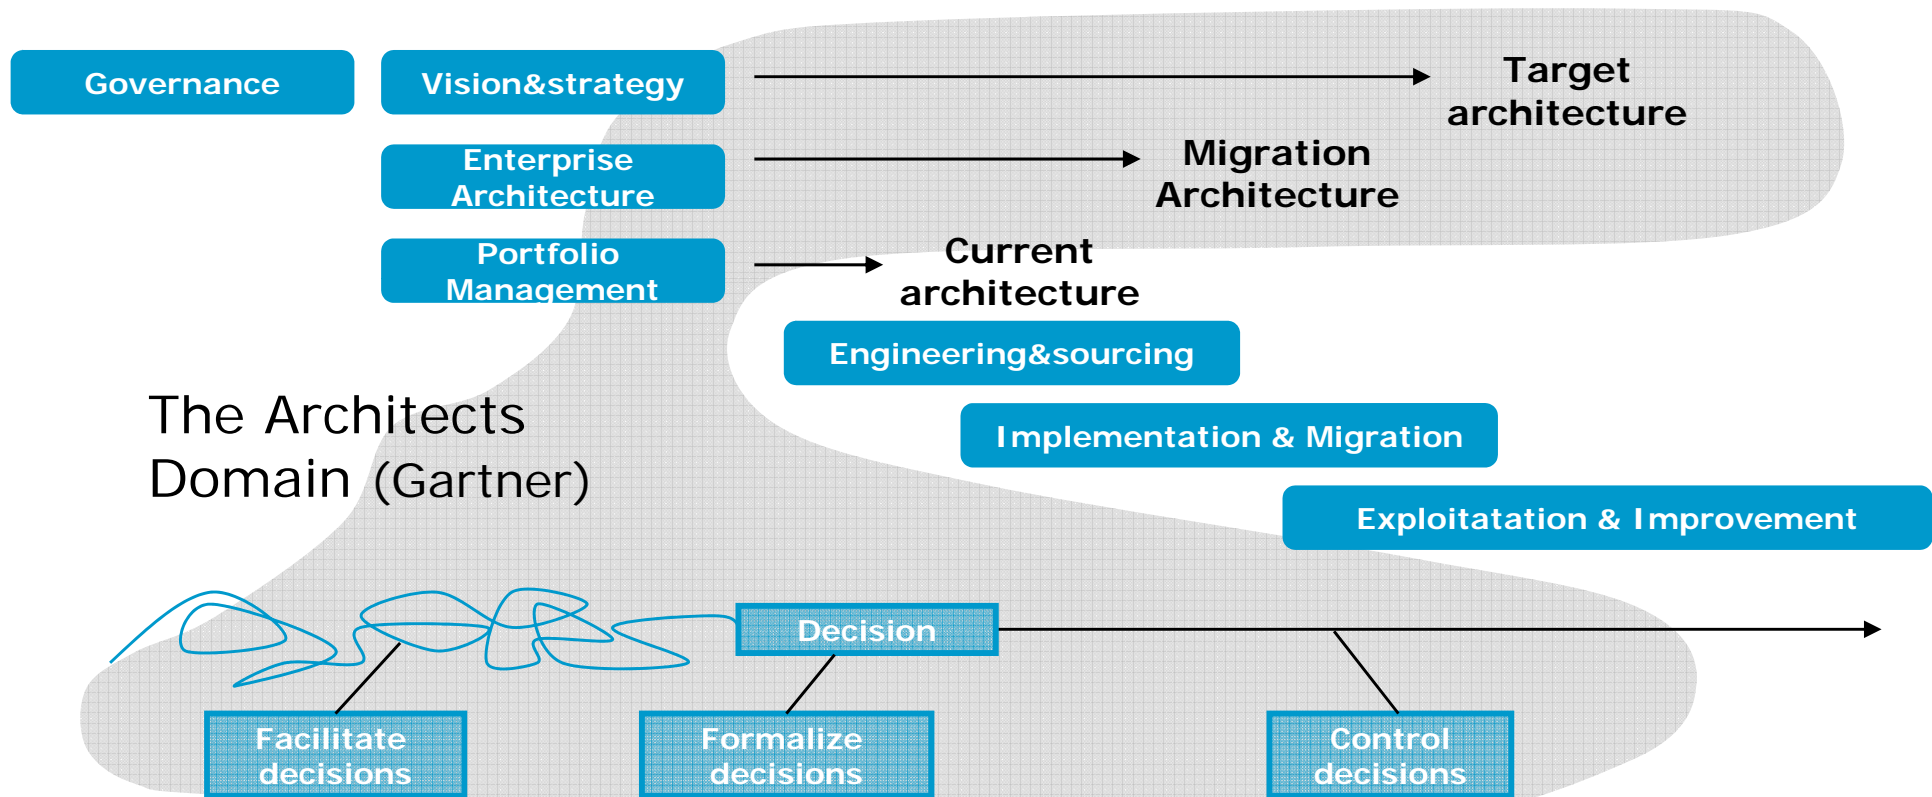

Is architecture the result, the description or the process to get there?

Statements

- ❑ “An Architecture” is a vague and strange concept. Beware of the unclarity this brings!
- ❑ I never started studying Architecture to make Architecture!
- ❑ I studied architecture to help constituents to realise beautiful buildings or cities. And to do so I use models and descriptions to reduce complexity in order to help bridge the gap between dream and reality. All of that within the boundaries of law and technological possibilities

What Architects do

Architects facilitate, formalize and control decisions made by management (Gartner)

Architecture according to me

The proces: as described by
TOGAF

**It is called Architecture when an Architect
uses Architecture to create Architecture**

**Drawings,
documents:
necessary but not
enough**

The result

The Open Group

About The Open Group

Global Operation
Cross-Industry
Vendor Neutral
Technology Neutral

San Francisco,
Boston, UK, Tokyo
Regional chapters
50+ staff

Brings the key
constituencies together
in an open process

Industry Consortium
Not-for-profit operations
Established >20 years
~250 member organizations

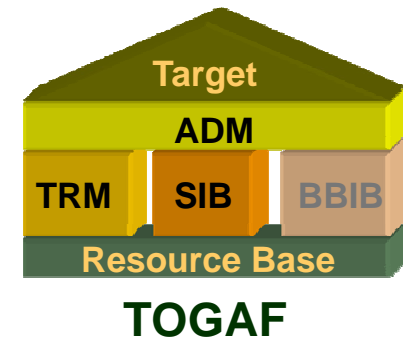

Operates the industry's
premier
certification service

Mission and Strategy

- Mission:
 - Drive the creation of **Boundaryless Information Flow**.
- Strategy:
 - Work with **customers** to capture, understand and address current and emerging requirements, establish policies and share best practices.
 - Work with **suppliers**, **consortia** and **standards bodies** to develop consensus and facilitate interoperability, to evolve and integrate open specifications and open source technologies;
 - Develop and operate the IT industry's premier **certification service** and encourage procurement of certified products.

Architecture Forum - Focus

- ❑ Original (and continuing) focus:
 - TOGAF

- ❑ Extended focus:
 - Architecture as a Professional discipline
 - Architecture Tools: Archimate

TOGAF

Open: Free of charge, transparant, available

Open group: KPN, Capgemini, Fujitsu, Hewlett-Packard, Hitachi, IBM, NEC, Sun Microsystems, US Department of Defense, NASA, Philips, Shell and many others.

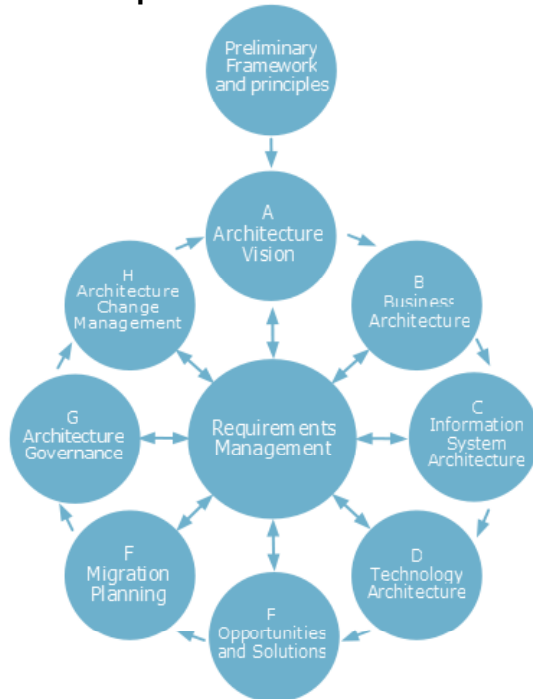

The **Open Group** Architectural Framework

A framework: an open and freely available standardised method to help organisations design, build, implement an open enterprise wide architecture on different levels of perception. Supported by methods, building blocks, best practices. Quickly becoming an industry standard.

Open architectures to support the development of inter-organisational information flows in the network society

TOGAF 8 core elements

An iterative step by step approach to build an Enterprise Architecture

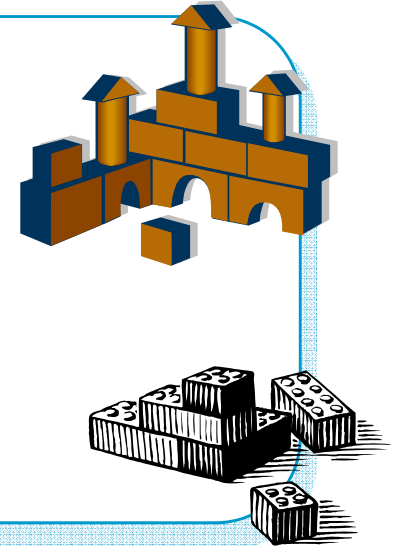

ADM

Supported by

Enterprise continuum

- a virtual repository
- re-usable building blocks
- step by step approach
- from generic to specific
- from architecture to solution
- with: "Foundation Architecture" and the "Technical Reference Model"

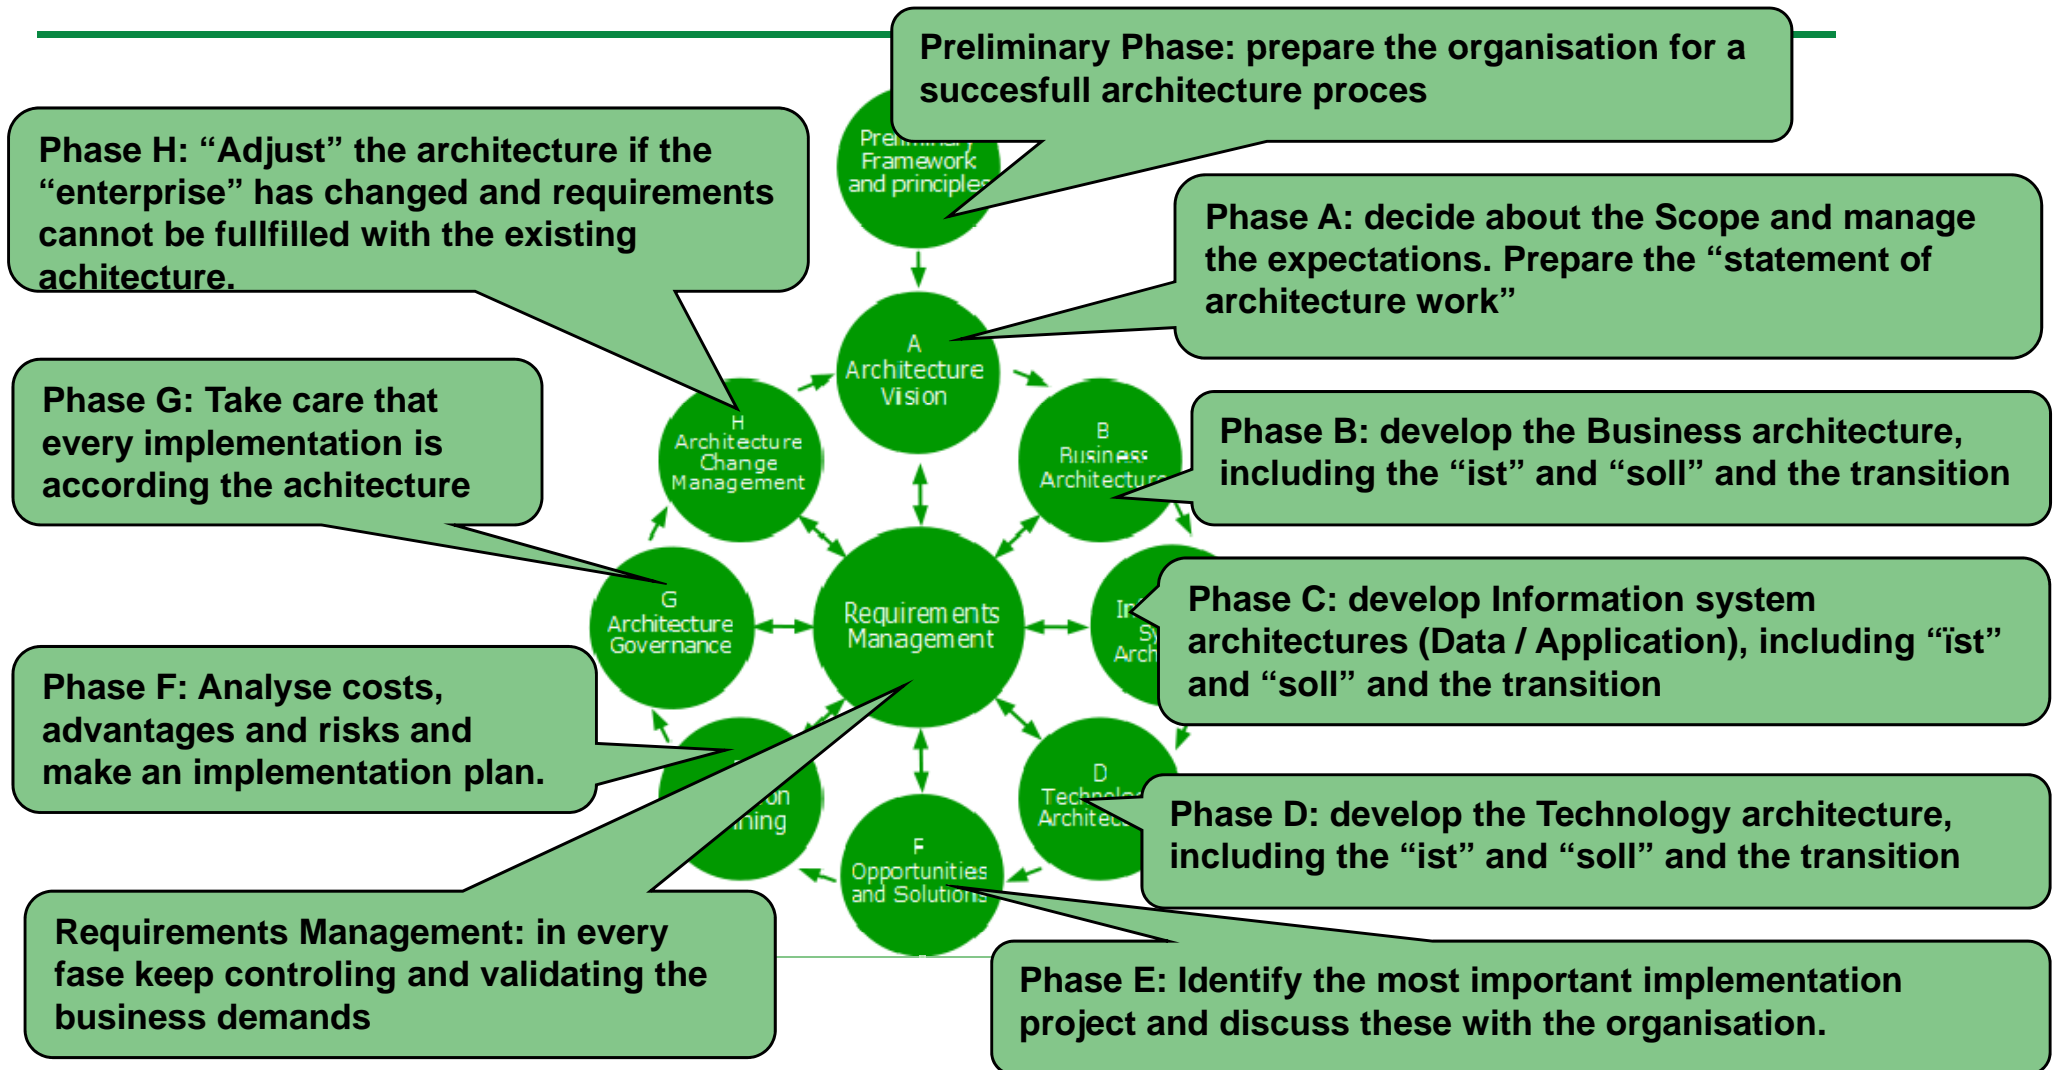

Resource Base

a series of "best practices" for:

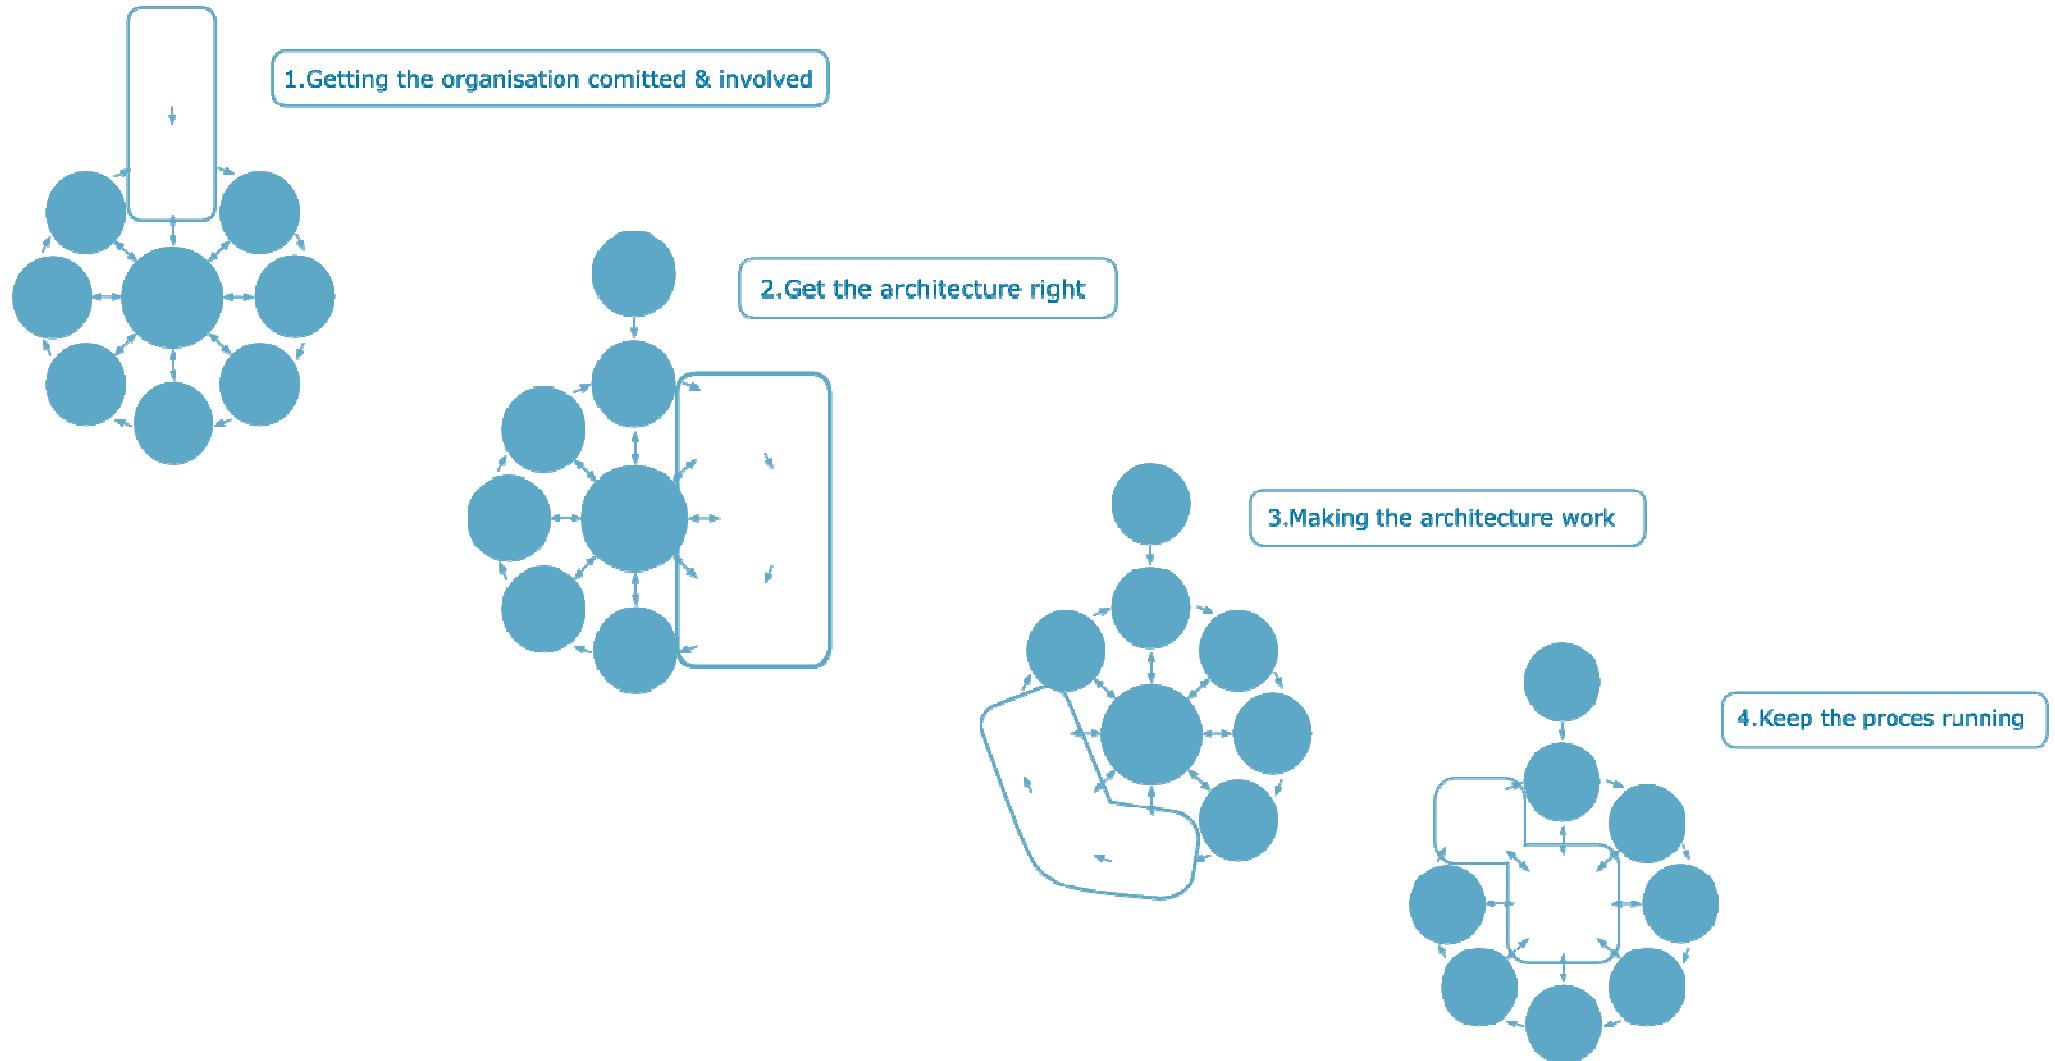

- the Architecture Board
- Architecture Compliance
- an architecture contract
- Architecture Governance
- Views, Principles, Skills en maturity models

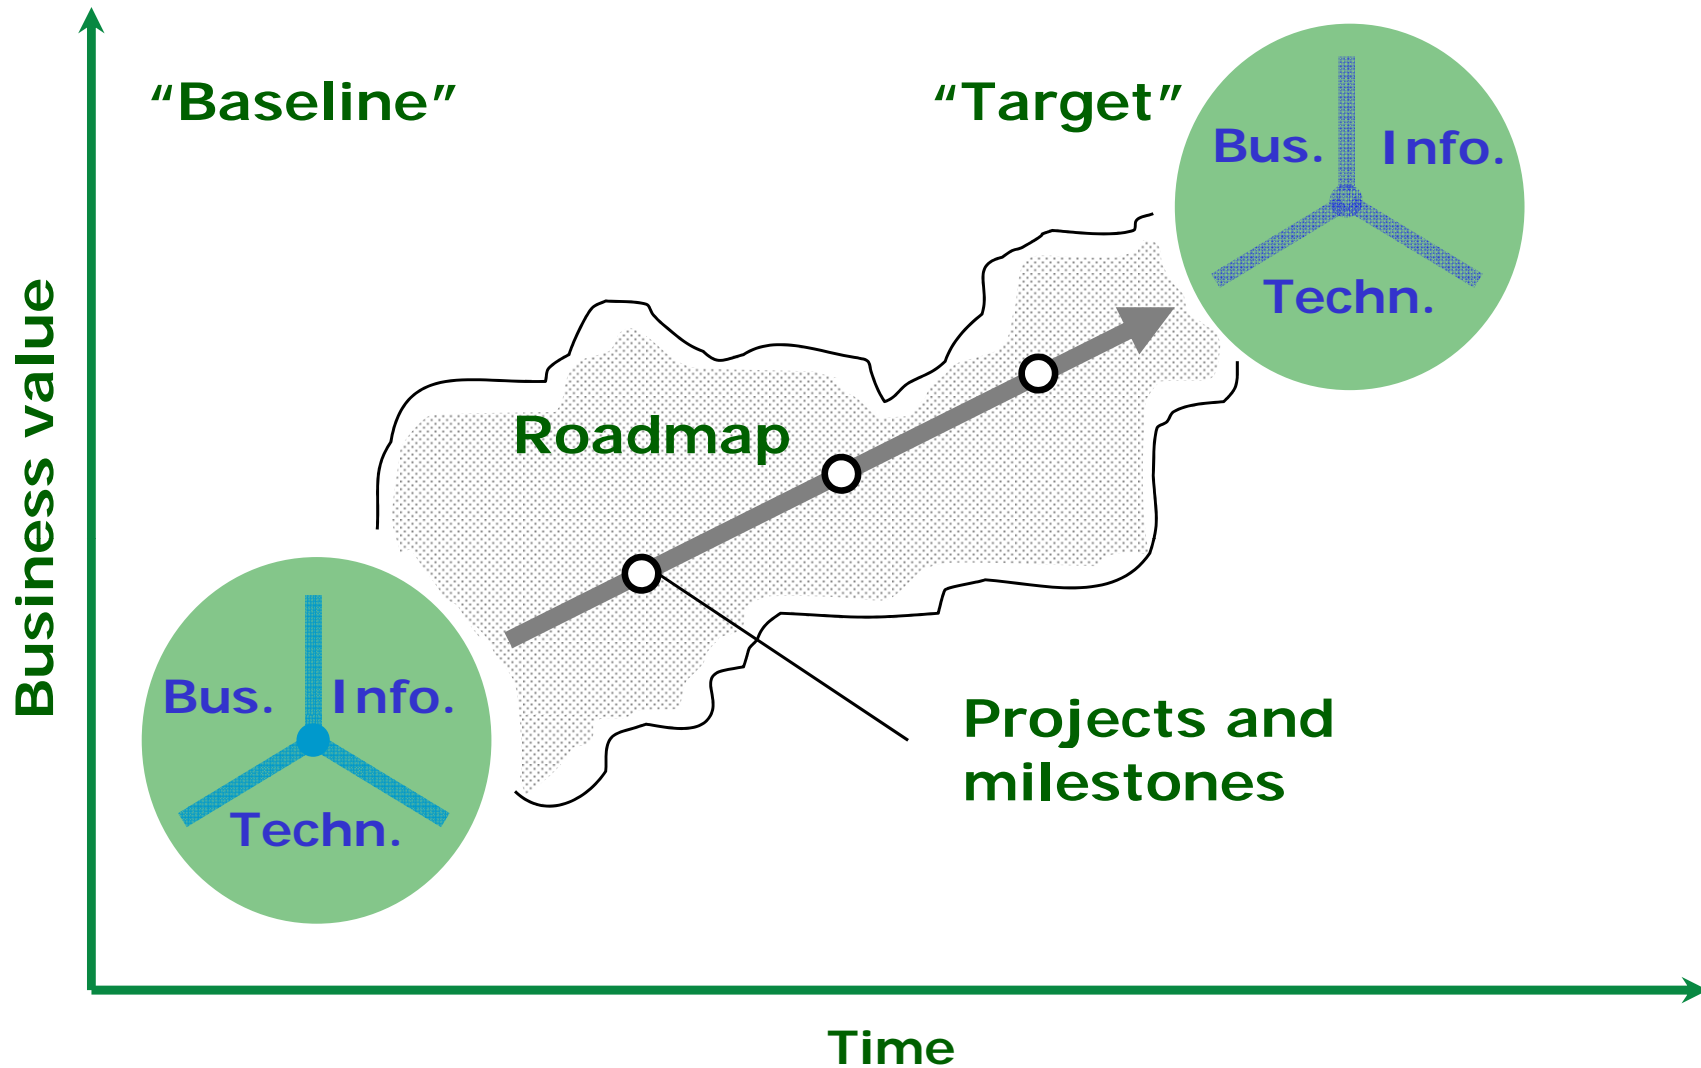

TOGAF ADM

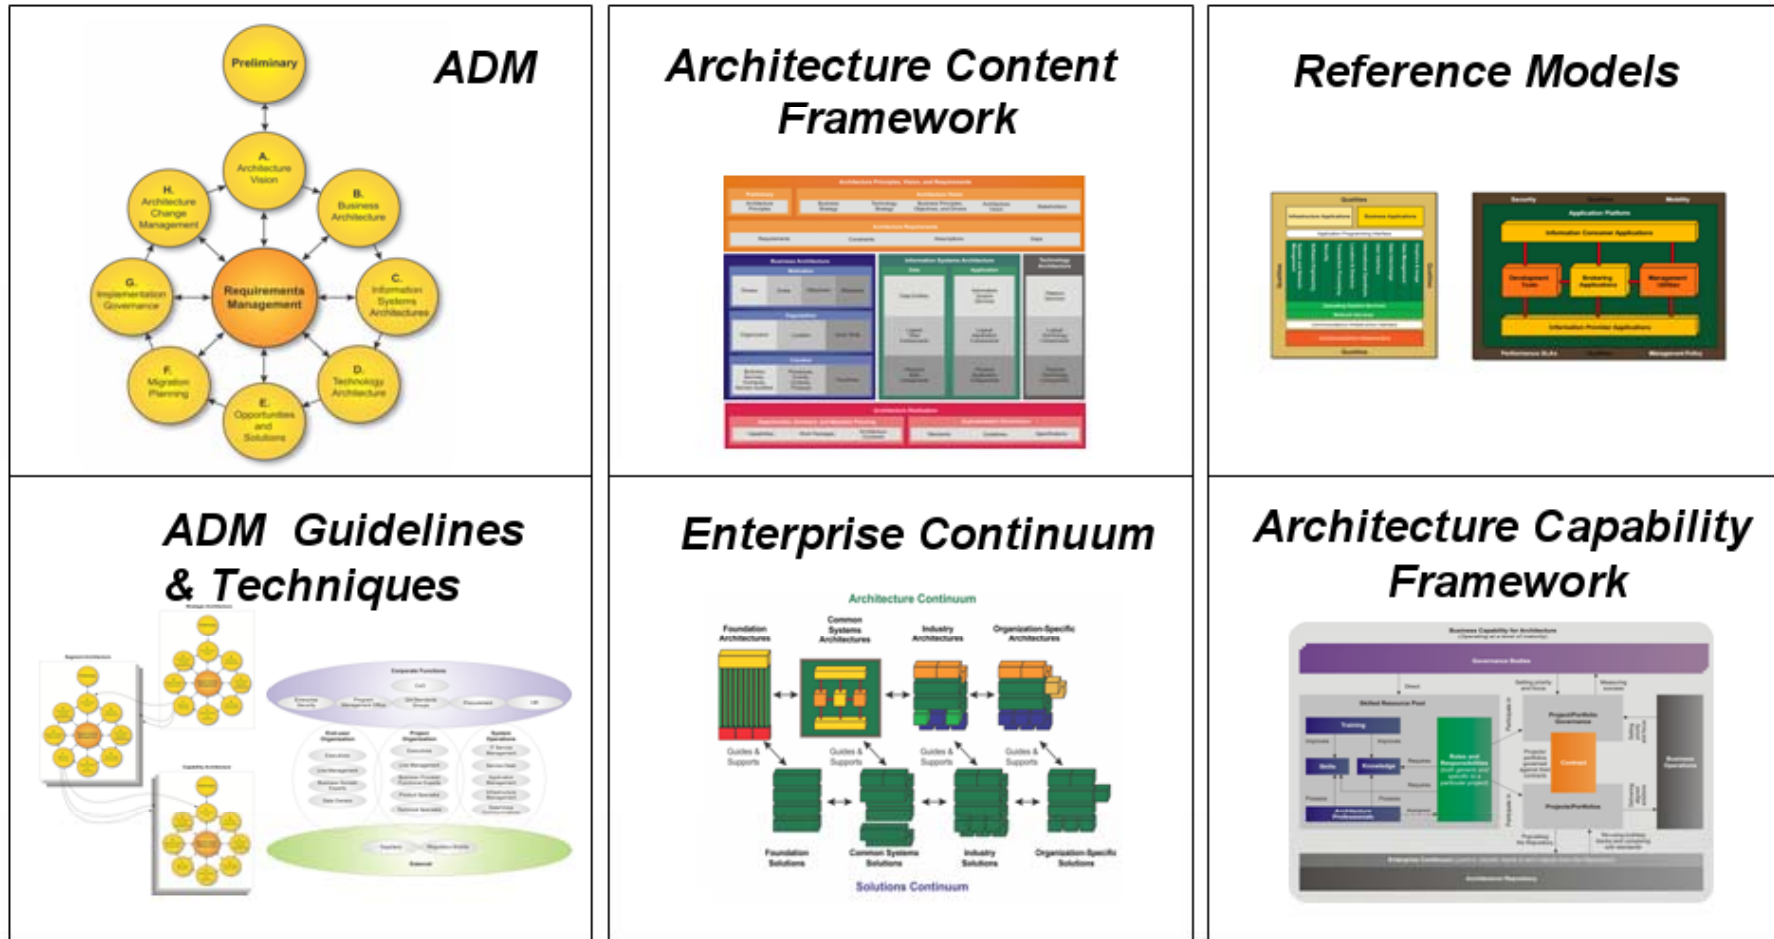

TOGAF ADM: in four fases

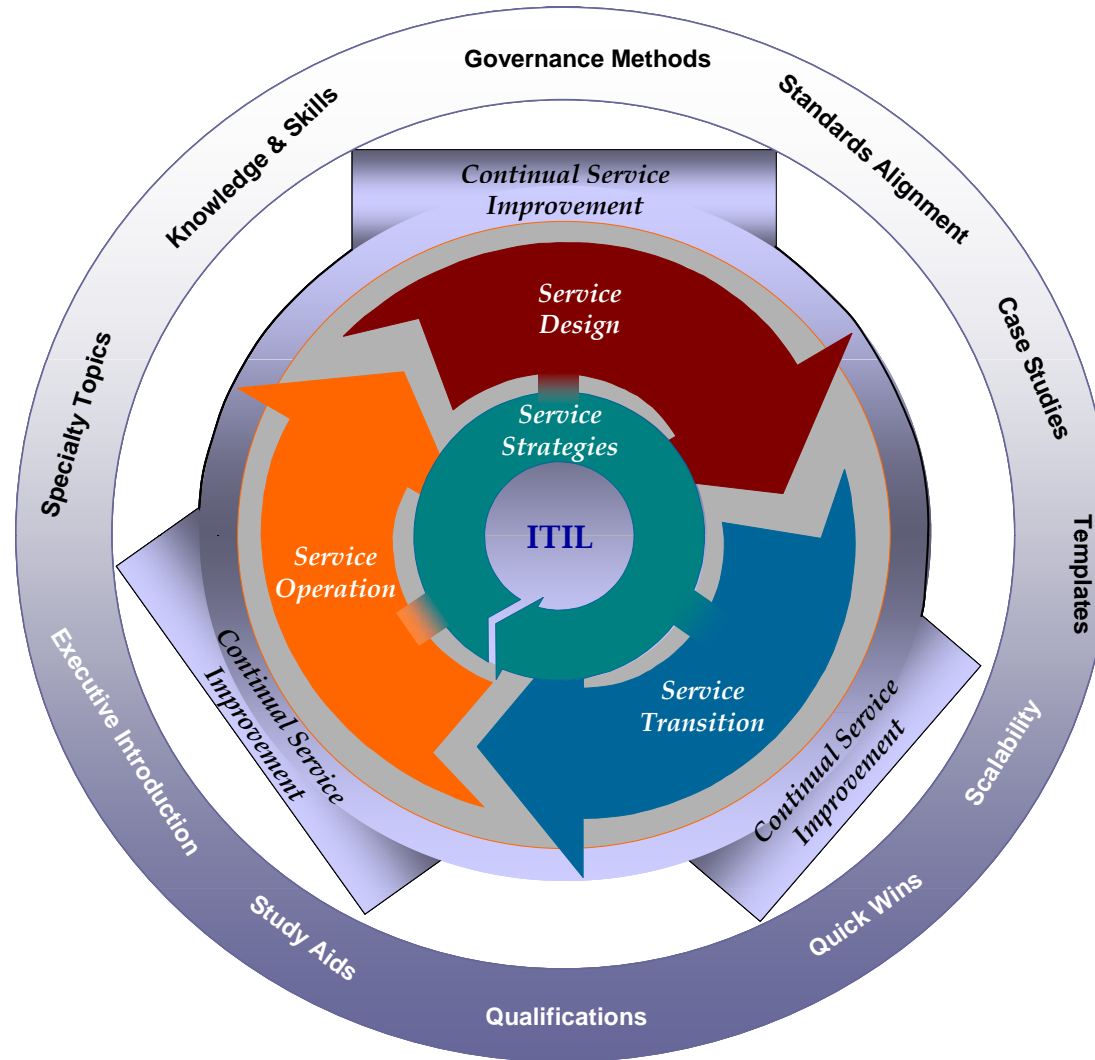

Baseline to Target

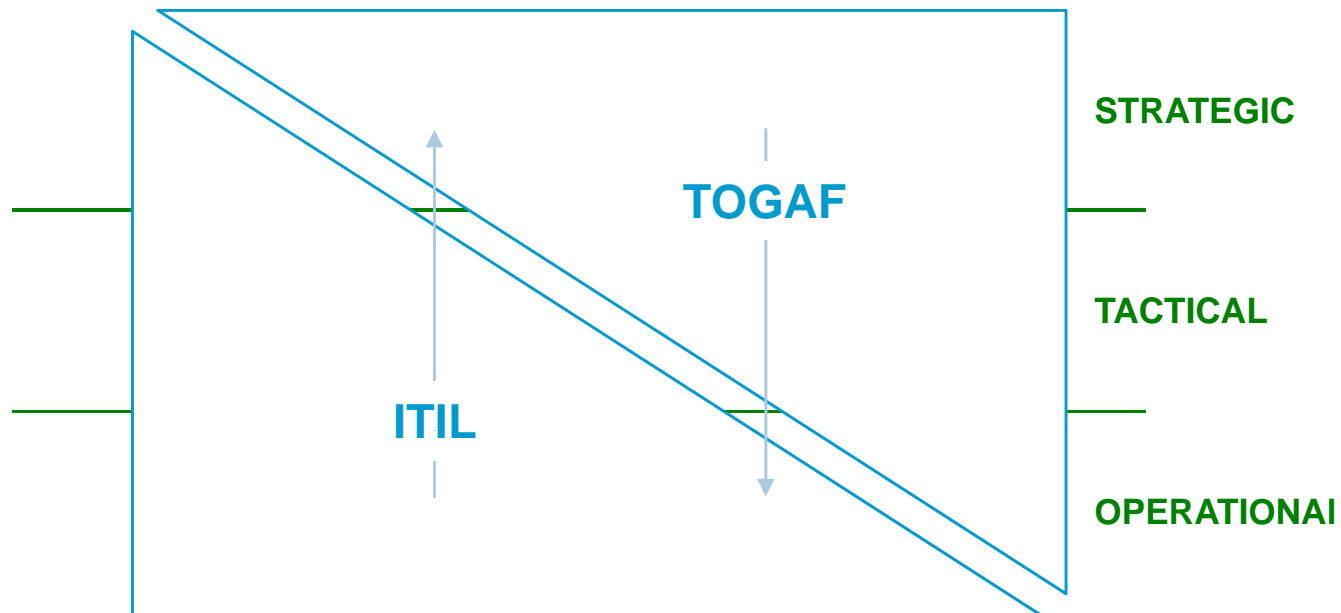

TOGAF 9 components

TOGAF and ITIL

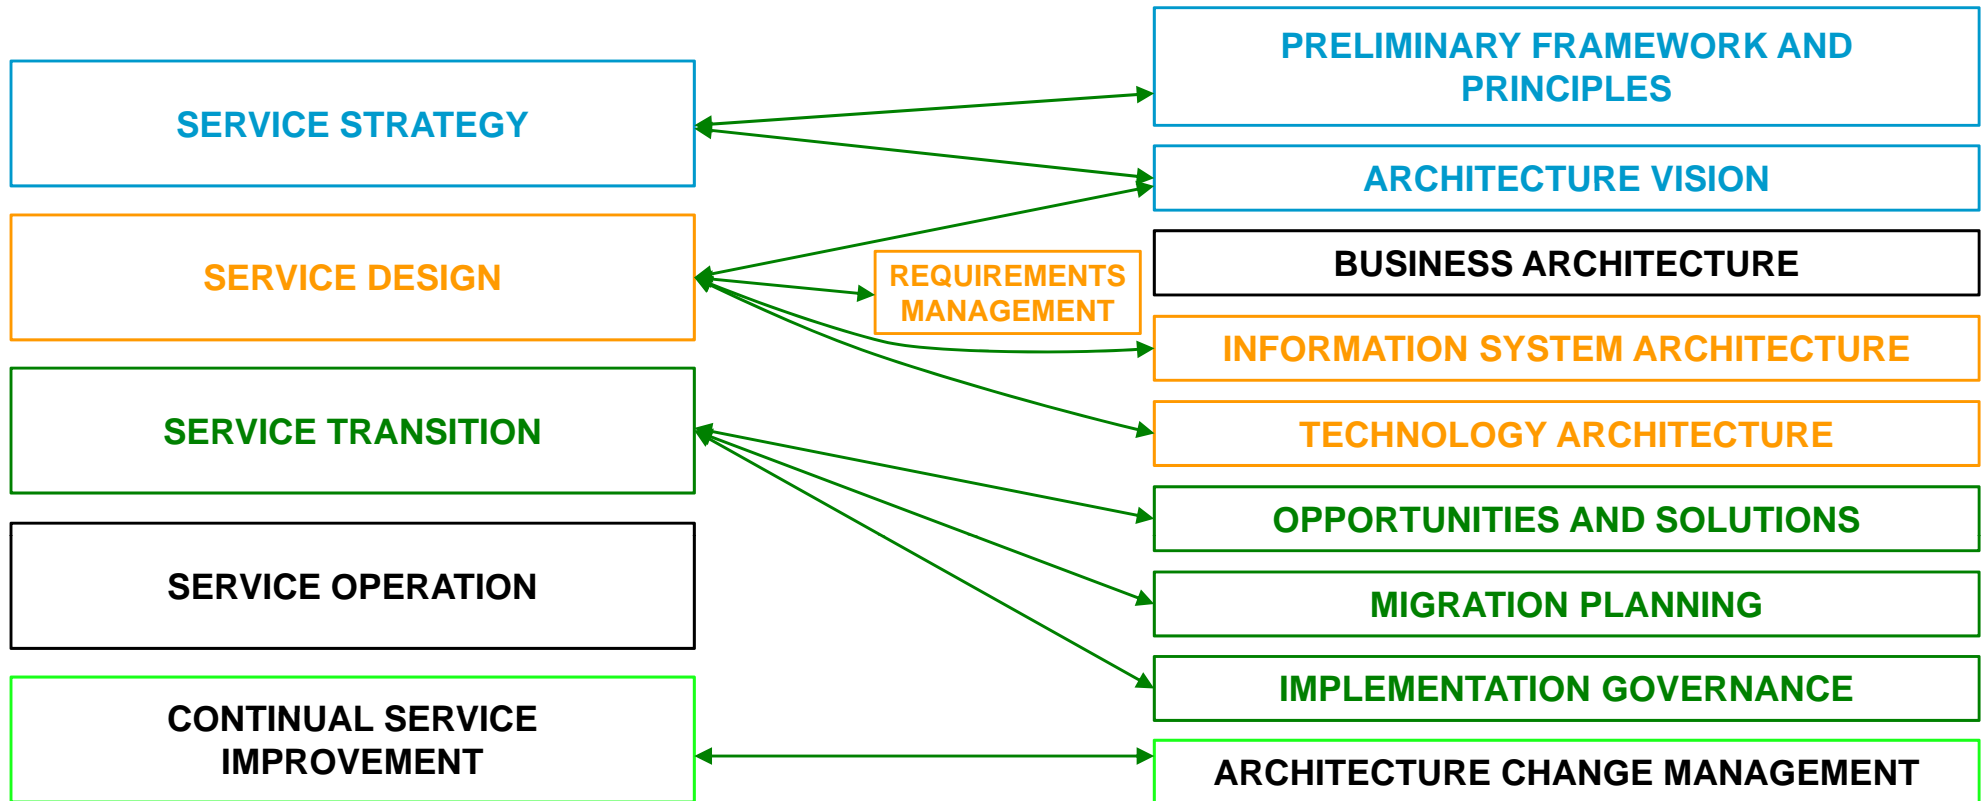

TOGAF and ITIL

source: The Open Group, The domains and roles of ITIL and TOGAF within an organization, R. Radhakrishnan (2008)

TOGAF and ITIL

Source: Getronics Consulting, ITIL3 vs TOGAF9 Two Frameworks T. van Sante, J. Ermers (2009)

Differences between ITIL and TOGAF

- ❑ ITIL: the primary focus should be on IT service management
- ❑ TOGAF: the primary focus is on Enterprise Architecture
- ❑ There will be a lot of subjects they can address together.
- ❑ Each from their own perspective

- ❑ Thanks for listening
- ❑ Questions / discussion?
